PLACE OF USE: The PLACE OF USE is within the service area of the Beaver and Shingle Creek Irrigation Company	This change application is being filed to replace change a17726 (35-9706), which was approved for part-time domestic use for Lot #451 in Samak Hills. Title cannot be updated on that right in part because the previous owners sold the share of stock prior to the foreclosure. The new owner has now acquired four shares of stock through the Irrigation Company and would like year-round domestic uses along with irrigation purposes. This new change application would allow for those beneficial uses.
